

WHAT IS SCROFULA

It is that impurity in the blood, which accumulates in the glands of the neck, causing painful running sores on the arms, legs, or feet; which develops ulcers in the eyes, ears, or nose, often causing blindness or deafness; which is the origin of pimples, cancerous growths, or the many other manifestations usually ascribed to "humors," which, fastening upon the lungs, cause consumption and death. Being the most ancient, it is the most general of all diseases or affections, for very few persons are entirely free from it.

How Can It Be CURED

By taking Hood's Sarsaparilla, which, by the remarkable cures it has accomplished, often when other medicines have failed, has proven itself to be a potent and peculiar medicine for this disease. Some of these cures are really wonderful. If you suffer from scrofula, be sure to try Hood's Sarsaparilla. "My daughter Mary was afflicted with scrofula some years from the time she was a month old till she became six years of age. Lumps formed in her neck, and one of them after growing to the size of a pigeon's egg, became a running sore for over three years. We gave her Hood's Sarsaparilla, when the lump and all indications of scrofula entirely disappeared, and now she seems to be a healthy child." J. S. CARLISLE, Naughton, N. J. N. B. ONE of the boldest thefts lately re-

ONLY ONE LOAN WANTED.

The Council Committee on Or-

dinances Recommends

\$75,000 FOR A STONE BRIDGE.

The People to Vote on the Issue of

Bonds in April and they to Bear

Date May 1—No Refunding of

the '77 Loan Desired.

The Council Committee on Ordinances

met Saturday night. Mr. Julius Pollock

was elected Chairman.

The committee took up the stone

bridge loan ordinance. It provided for

a loan of \$75,000 at five per cent interest,

the interest to be payable semi-annually,

the principal not to be due until five

years, and thereafter redeemable at the

rate of \$3,000 per year. The election

was fixed for the 6th day of April, the

bonds to be issued May 1. The bond of

the commissioners was fixed at \$10,000.

On motion of Mr. Bailey, it was pro-

vided that the bridge must be of stone.

Then the committee turned its attention

to the second ordinance, providing for

the issuance of bonds to redeem the

loan of 1877, now bearing six per cent

interest. The committee had very grave

doubts about the wisdom of coupling

this proposition with the bridge ordi-

nance, although they were to be voted

upon separately. There was a good

deal of talk over the matter. Finally it

was agreed that the committee report

back to Council that it was inexpedient

to adopt such an ordinance at this time,

and this report will be made Tuesday

evening. There are \$30,000

of the 1877 bonds outstanding, and of

these \$30,000 will fall due on the 15th of

the present month, thus reducing the

outstanding debt to \$95,000. Interest on

these bonds also falls due March 1 to the

amount of \$3,500.

The ordinance as it was presented by

the Solicitor did not comply with the

law, to which fact ex-City Clerk Bowers

called attention, and the fault was re-

commended by the committee

the ordinance provides for a bridge loan

only, so much of the \$75,000 to be used

as required.

OHIO GIRLS IN TROUBLE.

Two Fast Couples Kept up for Improper

Officers Wilkie, Shoris and Carney last

night lodged in the lockup T. B. John-

son, an employe of the Union News

Company, and Thurman McGregor, a

newsboy on the Central Ohio train for

the same company, and with them two

girls, Annie Oakley, a tall and not bad

looking young Miss of 18, and Lucie

Cain, aged 15, and a girl, particularly

the elder, were dressed with some atten-

tion to style, and they did not seem to

realize their position.

About half-past 11 o'clock Officer Wil-

kie saw a girl walking by her underclo-

thing on, running up Main street. She

was carrying her outer clothing in her arms.

He pursued and arrested her, and took

her to the boarding house from which she

came. There the landlady told him there

was another girl in the room, and he

went in and found two men with the

other girl. He arrested the four named,

one man escaping. The landlady was

very mad and wanted to take the law in

her own hands. The men board with

her and took the girls to the room

without her knowledge. Other boarders

discovered their presence and com-

plained, and when she went to the

men's rooms one girl ran out.

The two girls said the men had in-

duced them to leave their homes in

Quaker City, Ohio, and come here. The

men said the girls got on at Barney's

and came here of their own accord. All

four were kept in the lockup all night.
